Time	Auditorium I	Auditorium II	Auditorium III	Auditorium IV	Auditorium V	Auditorium VI	Auditorium VII	Auditorium VIII	Pavilion SAB	Pavilion SC	Pavilion SA	Pavilion SB	Pavilion SC
08:00-12:00	Break at 10:00-10:30	Course 01: ICD-11: Achievements and further work Course Director: António M. Silva and Geoffrey Need, Miss	Course 02: How to write a scientific paper and get it published Course Director: Joan Marín	Course 03: CBT and its applications Course Director: Roger Ng, Hong Kong, China	Course 04: Psychopharmacotherapy in pregnancy Course Director: Anita Basler, Basel, Switzerland	Course 05: Prevention of suicide Course Director: Sander Carl, Sweden	Course 06: Neurodevelopmental treatment Course Director: António Jorge Oliveira-Mota, Portugal Co-Directors: I. Benavente Barreira-Correa, Portugal Gonçalo Correia, Portugal Manuela Mendonça, Portugal	Course 07: Strategies for the management of psychosis Course Director: Joaquim Garrido Co-Directors: Daniel Bacht, Portugal Joaquim Garrido, Portugal	Course 08: Neuroimaging Course Director: Sofia Pereira Co-Directors: Daniel Bacht, Portugal Joaquim Garrido, Portugal	Course 09: How to write a scientific paper and get it published Course Director: Joan Marín	Course 10: Depression of the elderly Course Director: Gabriela Skopp, Switzerland		
12:30-13:00	Welcome Session												
	Master of Ceremonies: Andrea Pagan, Australia												
	Greetings: Helen Herrman, WPA President												
	Welcome greetings: Pedro Varandas, President of the IOC												
	Greetings: President of the Portuguese National College of Physicians												
	Miguel Escamela												
	Overview of the scientific program												
	Norman Sartorius, Scientific Committee Chair												
	Awards to fellowship awardees												
	Helen Herrman, WPA President												
13:30-14:30	Plenary Session 01: Keynote addresses												
	Chair: Maria Luiza Egleiros, Portugal; Norman Sartorius, Switzerland; Afzal Javed, UK												
	Initiatives for mental health globally of time to deliver: mental disorders and the non-communicable diseases												
	Sara Hatcher, Pakistan												
	WPA 2023: Linking local action with global networks												
	Helen Herrman, Australia												
14:30-16:00	Plenary Session 02: Improving mental health globally through its promotion and the prevention and treatment of mental illness												
	Chair: Helen Herrman, Australia; Devoora Kestel, Switzerland												
	Improving mental health globally through its promotion and the prevention and treatment of mental illness												
	Norman Sartorius, Switzerland												
	Discussion: Lakshmi Anand, Kenya; Pamela Y Collins, USA; Vilaren Patel, India												
16:00-16:30	Coffee break (in foyer Level 1)												
16:30-18:00	Presidential Symposium 01: Applications of the law in forensic and general psychiatry	Collaborative Interdisciplinary Symposium 01: Mental health promotion in urban settings Organized in collaboration with the CityLife Program	Scientific Session: European initiatives to combat mental illness stigma and discrimination: Learnings from different experiences	Scientific Session: A Blueprint for protecting physical health in mental illness: The Launch of The Lancet Psychiatry Commission	Scientific Session: Behavioural addition: A research and clinical update	State of the Art Symposium 01: Dealing with an overdose crisis	Scientific Session: International perspectives on psychotherapy education: WPA International Symposium	Scientific Session: Bridging the gap between psychoanalysis and neuroscience	Scientific Session: Immune alterations across stages of schizophrenia - From the first episode to chronicity?	Scientific Session: Crisis? Increasing access to psychiatric care	Scientific Session: Inter-generational psychiatry: New developments		
	Chair: Robert van Veen, Lithuania	Chair: Helen Herrman, Australia and Motyeyes Sinha, USA	Chair: Norman Sartorius, Switzerland	Chair: Joseph Firth, UK, Christoph U. Correll, USA	Chair: Samuel Chamberlain, UK, Jon Grant, USA	Chair: Richard Rosenblat, USA, R. Michael Kravitz, Canada	Chair: Biby Anka Wilmada, Indonesia; Graciela Buzio Orofino, Argentina	Chair: Hervé Granier, France; Hachem Yal, Morocco	Chair: Thomas G. Schulz, Germany; Jerry Samochowicz, Poland	Chair: Jerry Mahoney, USA; Seul Lee, USA	Chair: Cristiane Duarte, USA; Myrna Weisman, USA		
	Neurocetics/Fluio Donna Stewart, Canada	Promoting mental health amongst youth in urban Chennai: Insights from a mental health service in South India Kannabhanu Reddy, India	Time to Change Campaign, England to Louglinan, United Kingdom	Priorities for the commission: the burden of physical comorbidities in mental illness Brandon Shubb, United Kingdom	Introducing behavioural additions: The archetype Jon Grant, USA	The biggest public health crisis in North America since the 1918 epidemic - a serious reflection? Richard Rosenblat, USA	Evidence based CBT education and training Behav. Adv. Egypt	Can neuroscience and psychophysics converge? Fabien Galetka, France	Immune alterations in early psychosis - intrinsic mechanisms, environment or both? Rana Misak, Poland	Increasing access to psychiatric care: Perspectives from the US Jerry Mahoney, USA	30 years of studying three generations of US families at risk for depression Myrna Weisman, USA		
	Forensic psychiatry in the 21st century: Possibilities and limits of assessment, therapy and research Michael Lieberenz, Switzerland	Building equity into mental health workforce empowerment various task-shifting Lakshmi Anand, Kenya	Fighting stigma in a Danish context Johanne Krarup, Denmark	Identifying key modifiable factors for improving physical health in mental disorders Al Koyanagi, Spain	Insights into Buying Shopping Disorder (BSD) André Müller, Germany	Innovation as part of the response, a web-based risk assessment and management platform to prevent overdose suicides Mohammed Ali Nikoo, Canada, R. Michael Kravitz, Canada	Teaching integration of psychotherapy modalities Timothy Sullivan, USA	Artificial intelligence & the future of psychiatry Mano Eduardo Costa Pereira, Brazil	Common genes in neurodevelopment and immune-inflammatory pathways impacted in schizophrenia? Nicolas Ramos, France	Increasing access to psychiatric care: Perspectives from Mexico Abdo Antonio Suarez Mendez, Mexico	Parental childhood adversities and neurodevelopment: 20 years and two generations Cristiane Duarte, USA		
	Mentality of offenders in China Keqiang Wang, China	The challenge of mental health in cities in Latin America Rodrigo Hill Cordeiro Rojas, Colombia	Has Rwanda, Czech Republic, Peer monitor, Czech Republic	Reducing physical health disparities by improving prescribing practices Dan Sakind, Australia	Problematic internet usage - disorder or condition? Naomi Fineberg, United Kingdom	From the open drug some to accessible quality substitution treatment in Switzerland, a model for the rest of us? Marc Vogel, Switzerland	Psychotherapy supervision with low resources and high clinical volume Hani Zakaria, Malaysia	Individual regression and social symptoms Hervé Granier, France	Antibodies against NMDA receptor and psychotic symptoms - summary of evidence and implications for clinical practice Jakob Kammerl, Germany	Increasing access to psychiatric care: Perspectives from Hong Kong Roger Man Kw, MD, Hong Kong S.A.R.	Disadvantage, inflammation during pregnancy and infant brain development in Brazil Andrea Jackowski, Brazil		
		Momentos UPA, Portugal Filipa Paula, Portugal	Going multidisciplinary on multiMorbidity, staff and service user health behavior change Simon Rosenbaum, Australia	Latest perspectives of behavioral additions Samuel Chamberlain, United Kingdom	WHO-UNODC Study Overview: Safety (S-O-S) Initiative Emily Krzywicka, Switzerland; Wiktoria Kucharska, Austria	International survey of psychotherapy training Symposium Speaker: Barbara Almeida, Portugal	Psychodynamics, epigenetics and childhood trauma Cesar Alfonso, USA	Unravelling immune alterations associated with the deficit schizophrenia subtype Jakob Kammerl, Germany	Increasing access to psychiatric care: Perspectives from Hong Kong Roger Man Kw, MD, Hong Kong S.A.R.	Treatment of maternal depression in primary care in Brazil: Do children improve? Marcelo Fede de Med, Brazil			
18:00-18:30	Short Break to Change Hall												
18:30-19:10	Panel 01: The future of publications in psychiatry	Scientific Session: From populations to genetics, biology and treatment: Insights into schizophrenia and mood disorders	Scientific Session: Lithium and neuroprotection: Evidence and perspectives for the treatment and prevention of dementia	Scientific Session: Approaches to refractory OCD across the lifespan	Film Session	Scientific Session: Novel mechanism of brain plasticity for personalized interventions in neuropsychiatric disorders	Scientific Session: Staging bipolar disorder: New concepts for psychotherapy	Free Communications Session: Suicidal behavior	Scientific Session: Abnormalities of prefrontal cortex during development relevant to schizophrenia and autism	Free Communications Session: Comorbidity of mental and physical illness	Scientific Session: Long-term consequences of adult trauma		
	Chair: Michel Bebbani, France	Chair: Julia Litwin, USA; Carlos Pato, USA	Chair: Orestes V. Forlenza, Brazil; Thomas G. Schulz, Germany	Chair: Jerry Mahoney, USA; Bradley Riemann, USA	Chair: Hans-Otto Thomsenoff, Austria	Chair: Natalie Ragan, USA; Carla Nasca, USA	Chair: Thomas Stamm, Germany; Martin Hautzinger, Germany	Chair: Toshihiro Kishimoto, Japan; Hiroaki Yoshino, Japan	Chair: Toshihiro Kishimoto, Japan	Chair: Toshihiro Kishimoto, Japan	Chair: Khachatur Gasparian, Armenia; Tatiana Galik, Belgium		
	Panelists: Lynn DeLisi, USA; Ian Mar, Brazil; Joan Marsh, UK; Christopher Sabbe, South Africa; Florence Thibaut, France	Twenty years of the Portuguese Island cohort Celia Carvalho, Portugal	SciGen's biology: understanding lithium effects on affected/neurodegenerative disorders Eric Czeisler, USA	Adjustments in psychopharm treatments and TMS to treat OCD Jerry Mahoney, USA	The unusual bath of Mister Otror Anja Molenda, Croatia	Metabolic dysfunction in the progression from depressive disorder to dementia Natalie Ragan, USA	Staging in Bipolar Disorder: A new concept and its implications for psychotherapy research Thomas Stamm, Germany	Activity-regulated gene expression in the Prefrontal Cortex of Schizophrenia Sohai Kinoshita, Japan	Unravelling immune alterations associated with the deficit schizophrenia subtype Jakob Kammerl, Germany	Longitudinal study of posttraumatic stress symptoms in adults after Oka Events in 2010 Tatiana Galik, Kyrgyzstan	Mental health problems among internally displaced persons in the Republic of Georgia TBA		
		Common genetic variants in schizophrenia in populations of African and Latin ancestry Carlos Pato, USA	Genetics of lithium: prodromal burden and prediction of response in bipolar disorder Thomas G. Schulz, Germany	Adjustments to psychosocial treatments for refractory OCD Bradley Riemann, USA		Epigenetic regulation of glutamatergic and metabolic functions in structural plasticity Carla Nasca, USA	Cognitive and personality characteristics in individuals at risk for bipolar disorder TBA	Myelinolysis and immune system in Autism Spectrum Disorder and Borderline Attachment Disorder Marabu Makinodan, Japan			"KOMITAS" SYNDROME Khachatur Gasparian, Armenia		
		Distinct and common factors in schizophrenia and bipolar disorder: biomarker insights Nuno Madeira, Portugal	May lithium in drinking water protect against dementia? Evidence from nation-wide studies Lars Knopik, Denmark	Difficult to treat OCD in pediatric populations S. Evelyn Stewart, Canada	Mental illness and treatment in ancient societies Anish Dube, USA	Role of neuron-glia metabolic coupling in neuronal plasticity and neuroprotection Foua Maghazachi, Saudi Arabia	Adjacent psychotherapy in early stage bipolar disorder: First results of a multicentre RCT Martin Hautzinger, Germany	Social experience during development affects neuronal circuit in Prefrontal Cortex Takuma Yamashita, USA			Longitudinal study of posttraumatic stress symptoms in adults after Oka Events in 2010 Tatiana Galik, Kyrgyzstan		
		Rare genetic variants and antidepressant remission Julio Licinio, USA	Lithium and disease-modification implications for the treatment of Alzheimer's disease Orestes V. Forlenza, Brazil	Deep brain stimulation for refractory Obsessive Compulsive Disorder Martin Pigeu, The Netherlands		Neuroprotective T and neuroprotective S in major depressive disorder (MDD) and post-traumatic stress disorder (PTSD): preclinical and clinical studies Alexander A. Mathé, Sweden	Functional remediation for bipolar patients: A late stage intervention Caterina Del Mar Borrioni, Spain	Prefrontal parvalbumin interneurons regulate social behavior development Kazuhiko Yamawaki, USA			Trauma outcomes, predisposing factors Samuel Sukoyan, Armenia		
19:30-20:00	Welcome Reception (in Exhibition Area)												

Thursday, 22 August, 2013															
Time	Auditorium I	Auditorium II	Auditorium III	Auditorium IV	Auditorium V	Auditorium VI	Auditorium VII	Auditorium VIII	Pavilion SAB	Pavilion SC	Pavilion SA	Pavilion SB	Pavilion SC	ECP Lounge	
08:00-09:30	Presidential Symposium 2: Comorbidity of mental and physical disorders	Scientific Session: Divergence and convergence of the comorbidity of somatic and psychiatric illness	Scientific Session: New Findings in the assessment and neurobiology of pediatric bipolar spectrum disorder	Scientific Session: Recent developments in occupational psychiatry: Good news for healthcare workers	Scientific Session: Precision medicine for schizophrenia with diagnostics and biomarkers	Scientific Session: Psychosis research in developing countries through the lenses of female scientists	Scientific Session: Forced displacement in Europe and the world: A mental health challenge	Special Lecture Session 01	Scientific Session: Updates in treatment resistant schizophrenia	Scientific Session: Inflammation and oxidative stress have key roles in the neurobiology of major psychiatric disorders	Scientific Session: Mental health policy in the Eastern European countries: Current questions and future solutions	Scientific Session: Brain drain 5 years ago			
	Chairs: Miguel R. Jorge, Brazil; Cathy Lloyd, UK	Chairs: Dan Cohen, The Netherlands; Alison E. Bobrow, Russia	Chairs: Joseph Biederman, USA; Stephen Faraone, USA	Chairs: Tachibana Maruta, Japan; Gino Pezzi, Italy	Chairs: Doe-Sup Choi, USA; Sophia Ehrhardt, Sweden	Chairs: Beverly Pringle, USA; Noeline Nalunga, Uganda; Simon Carverina, Sweden	Chairs: Margys Schouler-Duck, Germany; Marianne C. Keating, Denmark	Chair: Maria Ines Lopez Ibar, Spain	Chairs: John Kane, USA; Jose Rubio, USA	Chairs: John Sisco, USA; Kim Do Cuong, Switzerland	Chairs: Armen Sghiglyan, Armenia; Oleg Shagaynov, Belarus	Chairs: Francesco Altamura, Italy; Ashley Baker, Turkey			
	The double burden of diabetes and mental illness Richard I.G. Holt, UK	Mental and physical comorbidities in people with bipolar disorder: a critical review Giovanni De Girolamo, Italy	Further evidence of the diagnostic utility of the CATE for identifying pediatric SPD Joseph Biederman, USA	PROGRESS program: intra-hospital program using virtual resources Pedro Alves De Moura, Portugal	Molecular imaging studies of the translocator protein in first-episode psychosis patients Simon Carverina, Sweden	Cognitive impairment in psychosis and HIV/AIDS Noeline Nalunga, Uganda	Trauma Focad during forced displacement Viv Tjebkes-Graaf, Netherlands	Science and Service: can they help one another? Ian Hickm, Australia	Chlorazine: Why can't we implement the evidence? John Kane, USA	MMP9/AGE overactivation, redox dysregulation and neuroinflammation in schizophrenia Kim Do Cuong, Switzerland	Mental health policy in East European Countries: implementation and monitoring Armen Sghiglyan, Armenia	Brain drain in Greece Athanasios Kanellopoulos, Greece			
	Integrated care for mental disorders and non-communicable diseases Vikram Patel, India	Integration of mental health comorbidity in other medical specialties programs Gerhard Henke Martin, Mexico	Genetics of ADHD and Bipolar Disorder Stephan Faraone, USA	SEGEN program: reducing psychosocial stress of employees in hospitals Harald Gudekt, Germany	Immune activation and enhanced dopaminergic transmission in schizophrenia Sophia Ehrhardt, Sweden	Infectious exposure and cognitive impairment Ibtihal Ibrahim, Egypt	Global Mental Health Peer Network Charlene Sunlett, South Africa; Jasbir Bhat, Poland	Breakthrough psychosis: a paradigm of treatment resistance in Schizophrenia Jose Rubio, USA	Unraveling the occurrence of psychosis Hannelore Ehrenreich, Germany	Susceptibility and resilience in immune-mediated neurodevelopmental disorders Urs Mayer, Switzerland	Comparative assessment of Mental Health services in the Post-Soviet space Pavel Morozov, Russia	Brain drain in Spain in the last half decade Rosa Molina, Spain			
	The importance of doctor-patient relationship in the context of comorbid disorders Miguel R. Jorge, Brazil	Prevalence & correlates of depressive disorders in DED: Results of a study in 14 countries Cathy Lloyd, UK	Suicidal risks in juvenile bipolar vs. major depressive disorders Giulia Serra, Italy	Comparing perspectives of patients and their therapists: return to work after sick leave Peter Angerer, Germany	Correlation of CSF serum metabolites during 30 months treatment in schizophrenia patients Doo-Sup Choi, USA	GABA B2 receptors and psychiatric disorders: genetic and functional evidence Manah Hong Kw, Hong Kong S.A.R.	Mental health consequences of forced displacement: an update Margys Schouler-Duck, Germany	Neurobiological correlates of treatment response in psychosis? Sameer Jauhar, UK	Knockout of Cagp1, Ifng and Nos2 genes modify behavior and gut microbiome composition Julie Lemo, USA	Belarus: psychiatry at the intersection of modern and traditional approaches Oleg Shagaynov, Belarus	Do psychiatric trainees in Poland want to move knowledge? Anna Rabecka Szczepielnik, Poland				
09:30-09:40	Short Break to Change Halls														
09:40-11:10	Plenary Session 3: Quality of care for mentally ill people of all ages														
	Chairs: Afzal Javed, UK; José Miguel Calsas de Almeida, Portugal The morality of ethics and care João Marques Teixeira, Portugal Discussion: Latha Issara, Tunisia; Paul Summergrad, USA; Charlene Sunlett, South Africa														
11:10-11:30	Coffee Break, Exhibition and E-Poster Viewing														
11:30-13:00	Special Session 1: CPD and related legislation: consequences for psychiatry	Collaborative interorganisational Symposium 02: Perinatal care: a top priority for mental health care programs. Organized in collaboration with The International Association of Women's Mental Health and International Mental Society for Perinatal Mental Health	Scientific Session: When do mental disorders start? Etiopathogenic and treatment implications	Scientific Session: International perspectives in quality assurance	Scientific Session: Assessment and treatment of personality disorder: implications for community psychiatry	State of the art symposium 02: Psychiatric genetics: around the genome and around the globe	Scientific Session: Perinatal mental illness: implications for women, their babies, occupational setting and healthcare	New WPA books and other publications	Free Communications Session: Mental health care provision	Scientific session: Social psychiatry and challenges: a paradigm shift	Scientific Session: Neuroimaging of primary psychotic disorders	Scientific session: Psychiatric education in the millennial generation			
	Chair: Oye Garuga, Nigeria	Chairs: Prabha S. Chandra, India and Charlene Sunlett, Ethiopia	Chairs: Giovanni De Girolamo, Italy; Herbert Skovranek, Norway	Chairs: Jack McIntyre, USA; Jagpreet Singh, India	Chairs: Michael Joseph Crawford, UK; Roger Mulder, New Zealand	Chairs: Vishwajit Nimgrokar, USA; Gema Doshi, India	Chairs: Mirka Casanova Diaz, UK; Davida Sentes, Portugal	Chair: Michel Borsoi, France	Chairs: Roy Abraham Kulkarni, India; Rachid Benmagedj, France	Chairs: Shweta Galdhari, Italy; Lynn E. DeLisi, USA	Chairs: Ziad Kronfol, Qatar; Wafiq Van Steen, South Africa				
	President: John Allan, Australia; Michelle Amering, Austria; Neeraj Gill, Australia; Souvindra Pathan, India; Charlene Sunlett, South Africa;	Understanding and responding to the socio-determinants of perinatal mental health problems: evidence to inform services, systems and policies effective now Peter Fisher, Australia	The age of onset of bipolar disorder Giovanni De Girolamo, Italy	Reforming mental health systems: Role of quality indicators Wolfgang Gaebel, Germany	The ICD 11 personality disorders: implications for general Mental Health settings Roger Mulder, New Zealand	Late breaking news in genetics of psychiatric disorders Dian Rajcic, Germany	Severe mental illness: Maria Casanova Diaz, UK; Dian Rajcic, Germany			Social psychiatry in academic psychiatry: needs, a paradigm shift Roy Abraham Kulkarni, India	Research perspectives for neuroimaging of schizophrenia spectrum disorders Shweta Galdhari, Italy	Psychiatric education in the medical school curriculum Ziad Kronfol, Qatar			
	Developing integrated maternal care services in primary care in Ethiopia Charlotine Norton, Ethiopia	The age of onset of anxiety disorders Gwen Stehouder, The Netherlands	Practice guidelines project of American Psychiatric Association Jack McIntyre, USA	Bipolar and borderline personality disorder: similarities and differences Ester Di Giacomo, Italy	Rare heterozygous variants in functionally relevant genes and an oligogenic inheritance in schizophrenia: Evidence from family based studies E.K. Thoma, India	Perinatal mental illness: implications for the baby Catala Accosta, UK			NTC Impact on mental health: Clear psychological approach Rachid Benmagedj, France	Neuroimaging indices and prediction of functional outcome in psychotic disorders Lynn E. DeLisi, USA	Postgraduate psychiatric education: a global perspective Haamen Al-Fajar, UK				
	Priorities & practices from pregnancy through the postpartum to inform policy for Perinatal Mental Health Programs in sub-Saharan Africa Olayinka Ombegbo, Nigeria	The age of onset of schizophrenia spectrum disorders: a meta-analysis Matti Tienari, Finland	Quality assurance in mental health delivery in India Arundha Gopalakrishnan, India	Results of an RCT of a brief intervention for people with personality disorder Ollie Turner, UK	Towards the implementation of pharmacogenetics in psychiatry Daniel Mueller, Canada	Perinatal mental illness and the occupational setting Ava Vergatano, Italy			Migration, refugees and displaced persons and global mental health Marianne C. Keating, Denmark	Antipsychotic treatment and longitudinal trajectories of brain abnormalities in psychotic disorders Antonio Vita, Italy	Millennials in the workplace: perspectives from an early career psychiatrist Mariana Pires de Costa, Portugal				
	The juvenile and postnatal transitions and the onset of mental disorders: the IALS study George Patton, Australia	Standardizing psychosocial treatments in outpatient care Jerry Hakerson, USA	Management of personality disorder with comorbid depression Sandra Silva, Portugal	Genetic explanatory models in psychiatric disorders in Costa Rica and their relation to mental health policies Hennatta Ravetti, Costa Rica	The importance of multidisciplinary healthcare provision Maria Emilia Pereira, Portugal			LAM countries and challenges of global mental health David Naloti, Kenya	Neuroimaging markers of conversion to psychosis in at-risk states TBA	Challenges in professionalisation in psychiatric education and practice Wardia Van Steen, South Africa					
13:00-14:40	13:00-14:40 Lunch Break and Exhibition														
13:10-14:40	13:10-14:40 Parallel Short Communications Sessions (on Exhibition Area)														
Station 1: Anxiety Disorders / Developmental Psychopathology / Anxiety and Psychiatry (Violence & Mental Health: Poverty & Mental Health: Mental Health of Refugees and Displaced Persons) Station 2: Addiction / Addictions to Psychotropic Substances Station 3: Child and Adolescent Psychiatry (Including Infant Psychiatry) Part I Station 4: Child and Adolescent Psychiatry (Including Infant Psychiatry) Part II / Emergency Psychiatry / Child, Psychiatry and Mental Health Station 5: Classification, Diagnostic Assessment and Nomenclature / Dementia / Exercise & Sports Psychiatry Station 6: Consultation Liaison Psychiatry / Digital Psychiatry Station 7: Depressive Disorders Part I / Epidemiology / Ethical Issues in Psychiatry / Evolutionary Psychiatry / Family Therapies															

Lunch Break and Exhibition										
13:10-14:10	<p>Scientific Session: An exhibition lectures</p> <p>Chairs: Chloé Jodo Eira, Portugal; Guilherme Queiroz, Portugal</p> <p>The psychiatric gaze on patients' artistic productions: João Eira, Portugal</p> <p>Exposing patient's art, what is implied? Guilherme Queiroz, Portugal</p> <p>Semiotics of ocular art Ekaterina Salkhanova, USA</p>	<p>Scientific Session: Mental health economics</p> <p>Chairs: Massimo Moscarelli, Italy; Benjamin Li Cook, USA</p> <p>The impact of the U.S. affordable care act on smoking rates among individuals with behavioral health disorders Benjamin Li Cook, USA</p> <p>European Research Project PEGCOM: A fluid to use effective treatment in mental health care Leona Makkar-van Roijen, The Netherlands</p> <p>Paying hospitals to reduce inpatient readmissions: Impacts on psychiatric readmissions and access to post-hospital follow-up mental health care Eric P. Stohs, USA</p> <p>The value of disease-related patient reported outcomes and the effectiveness of antidepressant treatment Massimo Moscarelli, Italy</p>	<p>Scientific Session: Neurobiology in Psychiatry: Curriculum development, research, training and clinical practice</p> <p>Chairs: Darpan Kaur Mohinder Singh, India; Mohandas Warrier, India</p> <p>Neurobiology in psychiatry: Curriculum development and training Rajesh Nagaj, India</p> <p>Neurobiology in Psychiatry: Diagnostic framework and assessments Rajesh Nagaj, India</p> <p>Neurobiology in psychiatry: Bridging the gap in clinical practice Feabena Polu Kaur Menash, Ghana</p> <p>Neurobiology in Psychiatry: Research opportunities, training and collaboration Mitos Mithunovic, Republic of North Macedonia</p>	<p>Scientific Session: Suicidal Behaviors - From concepts to suicidal features</p> <p>Chairs: Jean-Pierre Kahn, France; Doina Cosman, Romania</p> <p>Coping styles and suicide Jean-Pierre Kahn, France</p> <p>A systematic suicide risk assessment Doina Cosman, Romania</p> <p>Understanding the lived world of suicide: Input to the phenomenon Luis Maderia, Portugal</p> <p>Critical and suicide risk in bipolar disorder Ana Giurgiuca, Romania</p>	<p>Scientific Session: Involuntary admission laws across three continents: USA, India, Greece</p> <p>Chairs: Athanasios Douzoulis, Greece; Koralika Thomas, India</p> <p>Involuntary admission laws in Greece Georgios Tzafarakis, Greece</p> <p>Overview of the issues regarding psychiatric involuntary treatment in the western world Athanasios Douzoulis, Greece</p> <p>Involuntary admission laws in India Koralika Thomas, India</p> <p>Can continuous performance tests bypass the placebo response in adult ADHD?
