Time	Auditorium I	Auditorium II	Auditorium III	Auditorium VI	Auditorium VII	Auditorium VIII	Pavilion SB	Pavilion SC	Pavilion 3A	Pavilion 3B	Pavilion 3C	EOP Lounge	
08:00-09:30	Residential Symposium 2: Comorbidity of mental and physical disorders Chair: Michael A. Ebeid, Brazil; Mohan Isaac, Australia The comorbidity of mental and physical diseases Richard E. Holt, USA Integrated care for mental disorders and chronic diseases Vikram Patel, India The importance of doctor-patient relationship in the context of comorbid disorders Miguel R. Jorge, Brazil	Scientific Session: Divergence and importance of the comorbidity of somatic and psychiatric illnesses Chair: Michael A. Ebeid, USA The comorbidity of mental and physical comorbidities in people with bipolar disorder: a critical review Joseph Biederman, USA Giovanni de Bellis, Italy Further evidence of the diagnostic utility of the CBAZ for identifying pediatric BPD Joseph Biederman, USA Giovanni de Bellis, Italy PROGRESS program: intra-hospital program using internal resources for the identification of patients with bipolar disorder Stephen Hinshaw, USA Suicide risk in juvenile bipolar vs. major depressive disorders Harald Gündel, Germany Comparing perspectives of patients and family members: results after work with leave Peter Angerer, Germany Prevalence & correlates of depression in DMZ: Results of a study in 24 countries Cathy Luyck, USA Chronic physical illness, multimorbidity and their effect on psychiatric treatment	Scientific Session: New findings in the assessment and neurobiology of paediatric bipolar spectrum disorder Chair: Michael A. Ebeid, USA Recent developments in the assessment of mental health problems in children and adolescents Joseph Biederman, USA Giovanni de Bellis, Italy EEGEN program: investigating psychopathology in children with bipolar disorder Giovanni de Bellis, Italy Diagnostic stability & treatment response in children & adolescents with bipolar disorder Maria Valero Valdileiro, Spain	Scientific Session: Good news in occupational psychiatry: Good news for healthcare workers Chair: Michael A. Ebeid, USA The importance of mental health in the workplace Joseph Biederman, USA Giovanni de Bellis, Italy Molecular imaging studies of the trinucleotide protein in first episode psychosis patients Luisa M. Matos, Portugal Natalia Nakashima, Uganda Neuroleptic exposure and cognitive impairment in psychosis Svenn Cervenka, Sweden Comparing transmission in dopamine and enhanced dopaaminergic transmission in schizophrenia Harald Gündel, Germany Correlation of CSF serum metabolites during 18 months treatment in patients with schizophrenia Duo-Sun Chu, USA Membrane protein clustering in lymphocytes as a putative biomarker for professionals and workers Gino Pozzi, Italy	Scientific Session: Precision medicine for schizophrenia with comorbidities and biomarkers Chair: Michael A. Ebeid, USA Recent developments in the assessment of mental health problems in children and adolescents Joseph Biederman, USA Giovanni de Bellis, Italy EEGEN program: investigating psychopathology in children with bipolar disorder Giovanni de Bellis, Italy Diagnostic stability & treatment response in children & adolescents with bipolar disorder Maria Valero Valdileiro, Spain	Scientific Session: Psychosis research in developing countries through the lens of female scientists Chair: Michael A. Ebeid, USA Women in psychiatry Lorraine Weintraub, USA Cognitive impairment in psychosis and HIV/AIDS Svenn Cervenka, Sweden Noelia Nakashima, Uganda Infectious exposure and cognitive impairment in psychosis Harald Gündel, Germany Transmission in schizophrenia Harald Gündel, Germany Correlation of CSF serum metabolites during 18 months treatment in patients with schizophrenia Duo-Sun Chu, USA Membrane protein clustering in lymphocytes as a putative biomarker for professionals and workers Gino Pozzi, Italy	Scientific Session: Forced displacement in Europe and the world: a mental health perspective Chair: Maria Jose Lopez Ibor, Spain How can we help them? How can we support them? Jan Hocke, Australia Traumas faced during forced displacement: implications for mental health Erica Kastner, Denmark Tragedy Tatjana Graef-Cesels, Germany Humanitarian consequences of forced displacement: an update Meyham Schouler-Ocak, Germany Mental health services for asylum seekers and refugees Karinne C. Kammer, Denmark	Scientific Session: Displaced persons in Europe and the world: can they help us? Chair: Maria Jose Lopez Ibor, Spain How can we help them? How can we support them? Jan Hocke, Australia Traumas faced during forced displacement: implications for mental health Erica Kastner, Denmark Tragedy Tatjana Graef-Cesels, Germany Humanitarian consequences of forced displacement: an update Meyham Schouler-Ocak, Germany Mental health services for asylum seekers and refugees Karinne C. Kammer, Denmark	Scientific Session: Inflammation and oxidative stress have key roles in the pathophysiology of major psychiatric disorders Chair: Michael A. Ebeid, USA Psychosis and brain damage John Krystal, USA MMP9/RAGE overactivation and neuroinflammation John Krystal, USA The role of microglia in the brain Dio Cuendet, Switzerland Uncoupling the occurrence of anti-NMDAR autoantibodies from the onset of mental health problems Hansine Arendsen, Germany Susceptibility and resilience in immune-mediated neuropsychiatric disorders Ulrike Weber-Stadlbauer, Switzerland Knockout of Casp1, Ifng and Nox2 genes	Scientific Session: Updates in treatment resistant schizophrenia Chair: Michael A. Ebeid, USA What is the future of the future? What can we do? Cipolat, Croatia Breakthrough psychosis as a paradigm of treatment resistance in schizophrenia Jan Hocke, Australia Treatment resistance in the post-psychotic period Erica Kastner, Denmark Treatment resistance in schizophrenia Christoph Correll, Germany	Scientific Session: Mental health policy in Eastern European Countries: Current questions and their solutions Chair: Michael A. Ebeid, USA Mental health in Central Europe: does Athanasios Kalopoulou, Greece Athanasios Kalopoulou, Greece Breakthrough psychosis as a paradigm of treatment resistance in schizophrenia Jan Hocke, Australia Treatment resistance in the post-psychotic period Erica Kastner, Denmark Treatment resistance in schizophrenia Christoph Correll, Germany	Scientific Session: Brain drain 5 years ago – what has changed? Chair: Francisco Attorre, Italy; Antonio Gómez, Spain Athanasios Kalopoulou, Greece Breakthrough psychosis as a paradigm of treatment resistance in schizophrenia Jan Hocke, Australia Treatment resistance in the post-psychotic period Erica Kastner, Denmark Treatment resistance in schizophrenia Christoph Correll, Germany	Scientific Session: Brain drain 5 years ago – what has changed? Chair: Francisco Attorre, Italy; Antonio Gómez, Spain Athanasios Kalopoulou, Greece Breakthrough psychosis as a paradigm of treatment resistance in schizophrenia Jan Hocke, Australia Treatment resistance in the post-psychotic period Erica Kastner, Denmark Treatment resistance in schizophrenia Christoph Correll, Germany
09:30-11:00	Mental Session 3: Quality of care for mentally ill people of all ages Chair: Afzal Saeed, UK; José Miguel Martínez, Spain The mentality - ethics and care Irene Marques-Tellez, Portugal Discourse: Lema Jouris, Thalia; Pelejero, Spain USA: Charlotte Kenkel, South Africa	Scientific Session: Quality of care for mentally ill people of all ages Chair: Afzal Saeed, UK; José Miguel Martínez, Spain The mentality - ethics and care Irene Marques-Tellez, Portugal Discourse: Lema Jouris, Thalia; Pelejero, Spain USA: Charlotte Kenkel, South Africa	Scientific Session: The road ahead for professional Psychiatry: the road ahead for professionals and workers Chair: Michael A. Ebeid, USA	09:30-09:40 - Short Break to Change Halls									
09:40-11:00													
11:10-11:50	Scientific Session 5: CBSD and related legislation: consequences for psychiatry Chair: Guy George, Belgium Chair: Michael A. Ebeid, USA; Charlotte Kenkel, South Africa Chair: Michael A. Ebeid, USA; Charlotte Kenkel, South Africa Chair: Michael A. Ebeid, USA; Charlotte Kenkel, South Africa	Collaborative Interpersonal Session: CBSD and related legislation: consequences for psychiatry Chair: Michael A. Ebeid, USA; Charlotte Kenkel, South Africa	Scientific Session: When do mental disorders start? Epigenetic and treatment implications Chair: Jack McGarry, USA; Japanese Society of Psychobiology, Japan	Scientific Session: International perspectives in quality assurance Chair: Jack McGarry, USA; Japanese Society of Psychobiology, Japan	Scientific Session: Assessment and treatment of personality disorder: implications for community psychiatry Chair: Jack McGarry, USA; Japanese Society of Psychobiology, Japan	Scientific Session: Psychiatric genetics: around the genome and around the globe Chair: Michael A. Ebeid, USA; Dennis Desmeules, India	Scientific Session: Postnatal mental illness: implications for women, their babies, occupational setting and healthcare Chair: Michael A. Ebeid, USA; Dennis Desmeules, India	New WHO poster and other publications Chair: Michael Brotman, France	Free Communications Session: Mental health care provision	Scientific Session: Social psychiatry and challenges of global mental health: need a paradigm shift Chair: Michael Brotman, France	Scientific Session: Neuroimaging of primary psychiatric disorders Chair: Silvana Gattioli, Italy; Lynn E. Weintraub, USA	Scientific session: Psychiatric education in the millennial generation Chair: David Kenkel, Israel; Werde Van Staden, South Africa	
11:10-14:40	Scientific Session: CBSD and related legislation: consequences for psychiatry Chair: Michael A. Ebeid, USA; Charlotte Kenkel, South Africa	Scientific Session: CBSD and related legislation: consequences for psychiatry Chair: Michael A. Ebeid, USA; Charlotte Kenkel, South Africa	Scientific Session: When do mental disorders start? Epigenetic and treatment implications Chair: Jack McGarry, USA; Japanese Society of Psychobiology, Japan	Scientific Session: International perspectives in quality assurance Chair: Jack McGarry, USA; Japanese Society of Psychobiology, Japan	Scientific Session: Assessment and treatment of personality disorder: implications for community psychiatry Chair: Jack McGarry, USA; Japanese Society of Psychobiology, Japan	Scientific Session: Psychiatric genetics: around the genome and around the globe Chair: Michael A.
